

# DAKTRONICS RC-100 PRODUCT SPECIFICATIONS

The RC-100 handheld controller is a truly wireless device that can control a variety of Daktronics standard scoreboards. For baseball/softball, the umpire operating the RC-100 unit, as well as the fans and players, can instantaneously see the ball and strike count on the scoreboard. For tennis, multiple RC-100 units can be used to control multi-court scoreboards.

The handheld controller operates one scoreboard at a time with a single scoreboard receiver. Additional receivers may be used for certain applications, such as when two play clocks are located at opposite ends of a football field.

The handheld unit operates using a 900 MHz radio with internal antenna and features 15 selectable channels to minimize radio interference. Rechargeable Ni-MH (Nickel Metal Hydride) battery provides 8-10 hours of operation on a full charge.

DIMENSIONS	WEIGHT	POWER
4.7" H x 2.7" W x 1.2" D (119 mm, 69 mm, 31 mm)	0.4 lb (0.18 kg)	<ul style="list-style-type: none"> <li>2000 mAh rechargeable Ni-MH battery</li> <li>Power supply for charging and/or 120 VAC operation</li> </ul>

## DISPLAY

97 x 32 graphic LCD non-backlit screen with adjustable contrast

## OPERATING RANGE

10' – 500' (3 – 152 m)

## CONSTRUCTION

Durable ABS plastic

## OPTIONS & ACCESSORIES

- Multi-unit charger (charges up to 6 RC-100 controllers at once)
- Carrying/operation case (includes belt clip, wrist and neck strap)

## FOR ADDITIONAL INFORMATION

- Manual: See [ED-15133](#)
